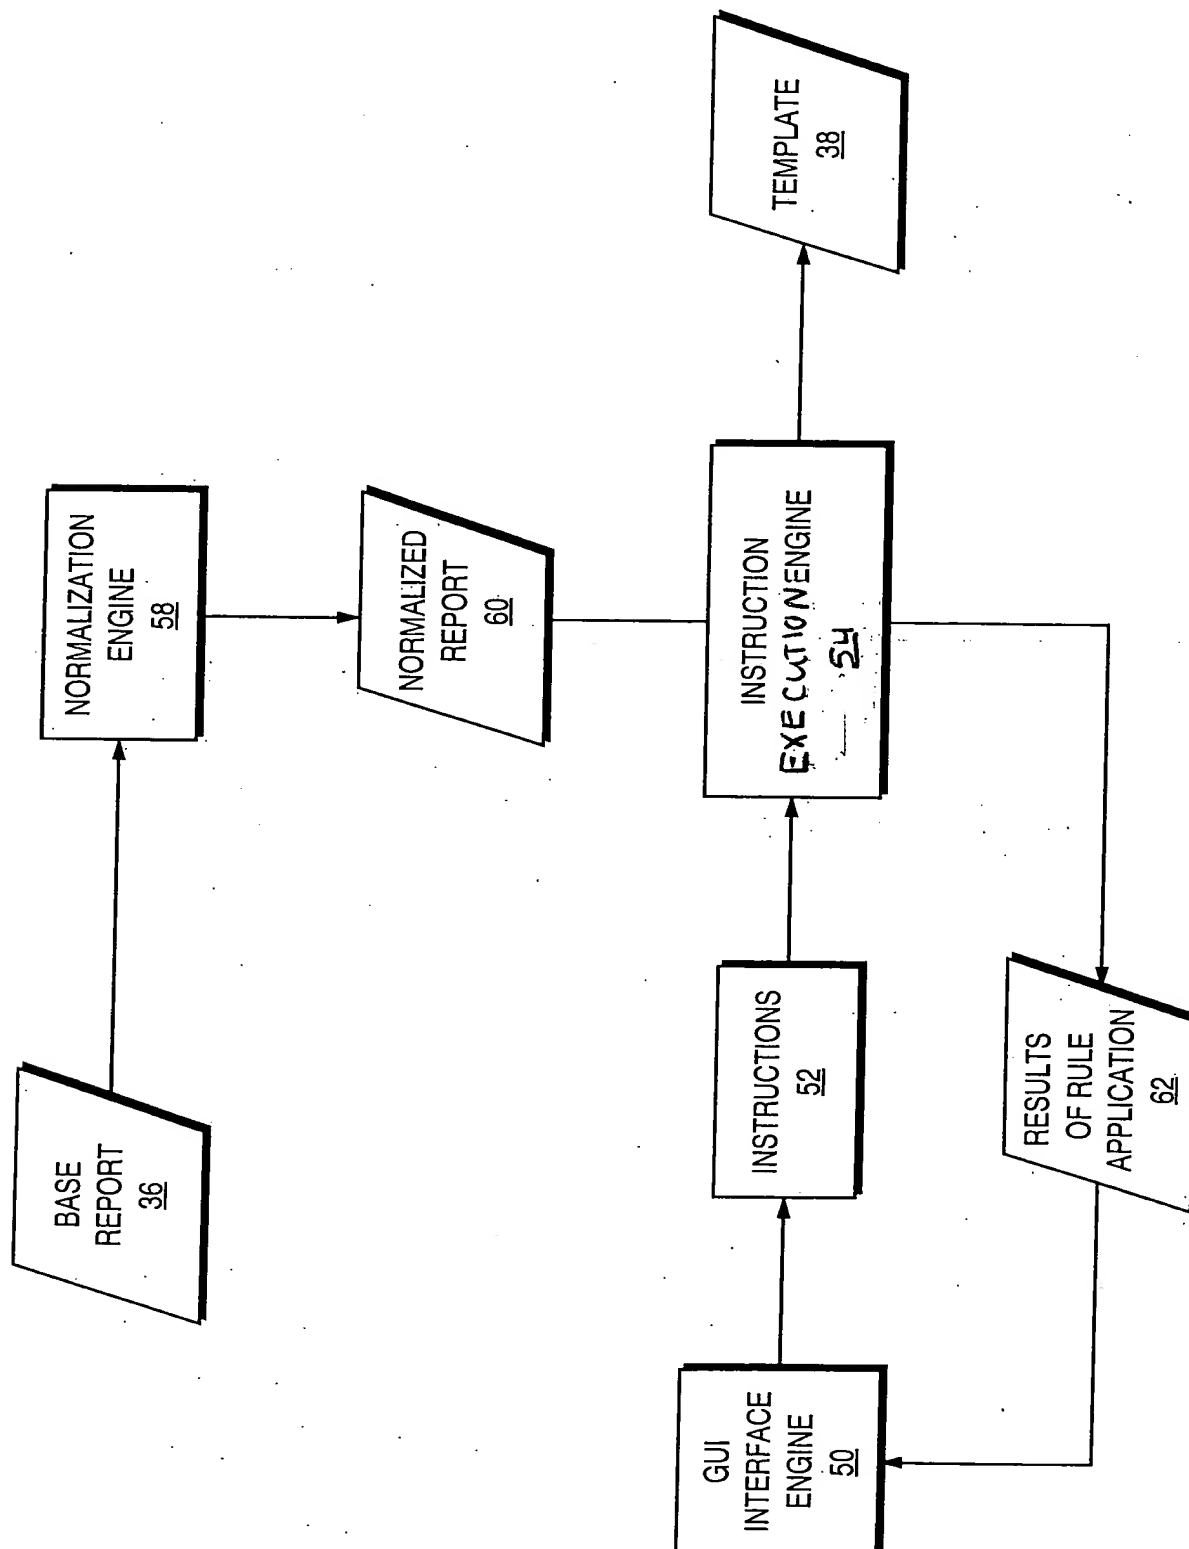

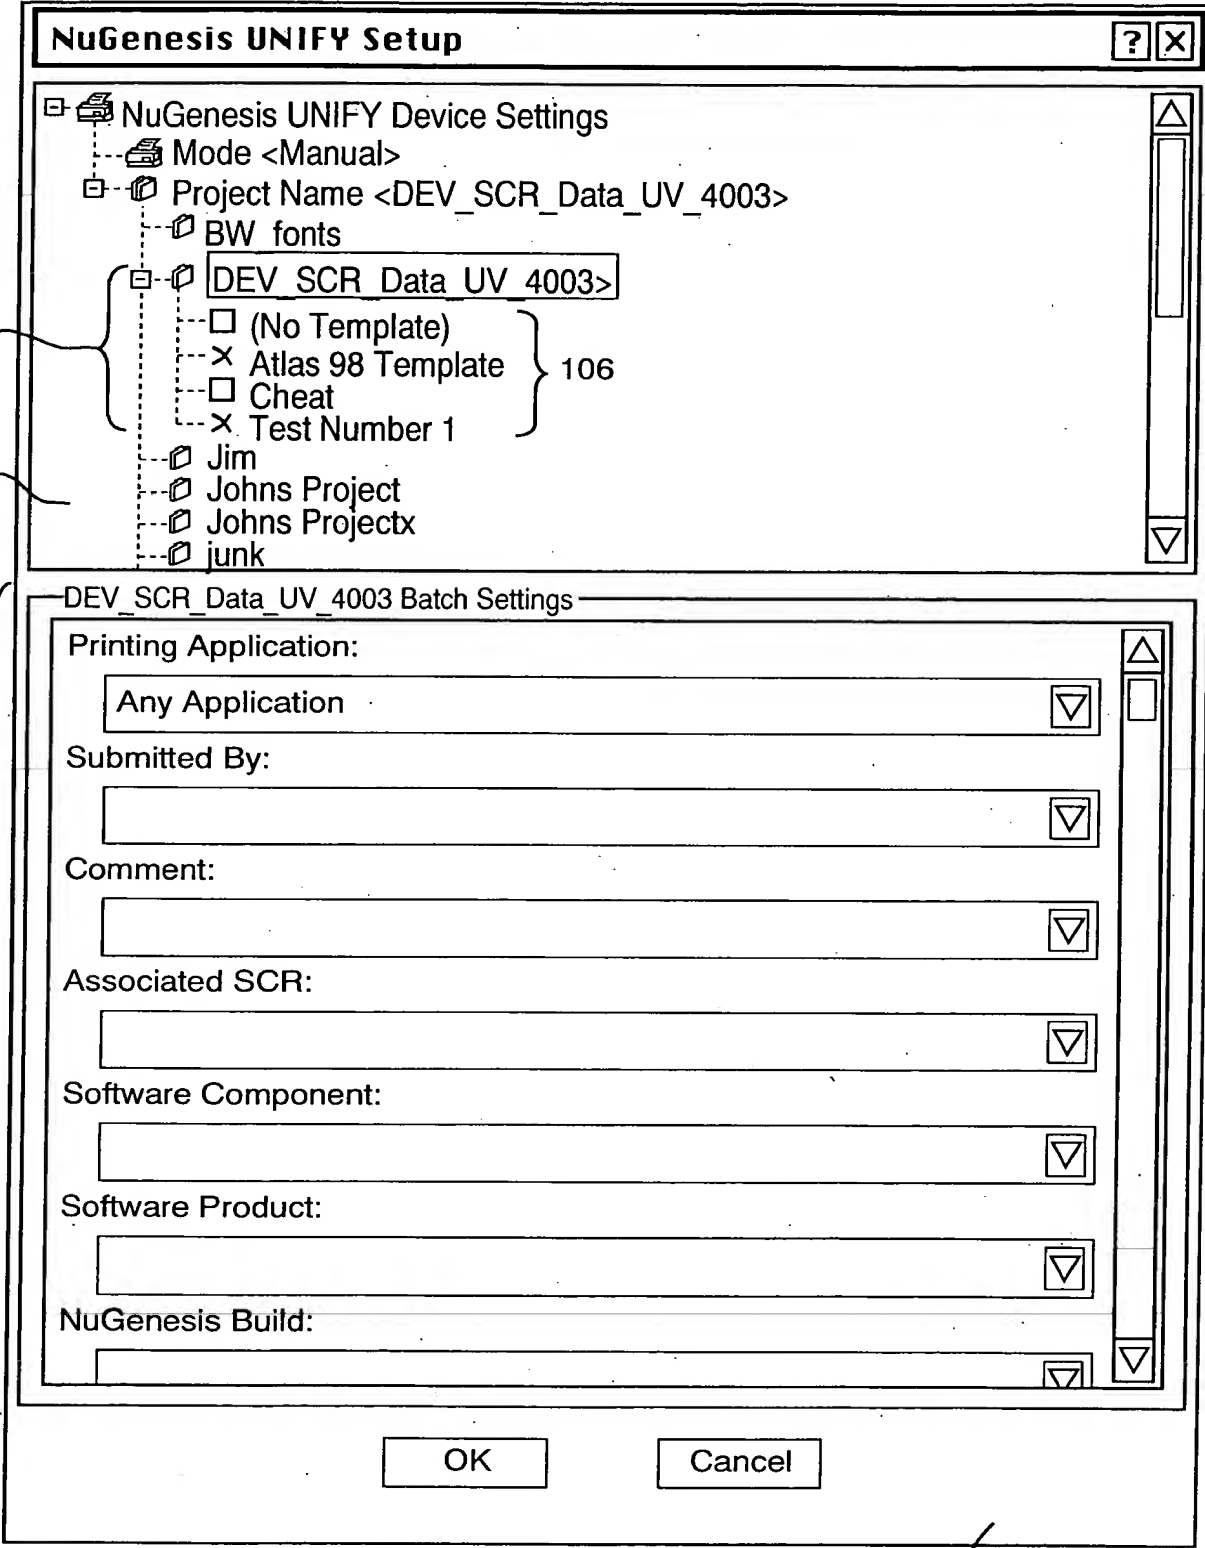

FIG. 3

4/15

The figure shows a software setup window titled "NuGenesis UNIFY Setup". It contains a tree view on the left and a "Batch Settings" section on the right. The tree view shows a hierarchy starting with "NuGenesis UNIFY Device Settings", followed by "Mode <Manual>", "Project Name <DEV_SCR_Data_UV_4003>", "BW fonts", and a selected item "DEV_SCR Data UV 4003>". Under this item are four options: "(No Template)", "Atlas 98 Template", "Cheat", and "Test Number 1". Below these are four more items: "Jim", "Johns Project", "Johns Projectx", and "junk". The "Batch Settings" section contains seven fields, each with a label and a dropdown menu: "Printing Application:" (Any Application), "Submitted By:", "Comment:", "Associated SCR:", "Software Component:", "Software Product:", and "NuGenesis Build:". At the bottom are "OK" and "Cancel" buttons. Various reference numerals are placed around the window: 104 points to the tree view, 102 points to the "Batch Settings" section, 106 points to the "DEV_SCR Data UV 4003>" item and its sub-options, and 100 points to the entire window.

NuGenesis UNIFY Setup

The figure shows a 'Word Match' dialog box with a title bar containing a question mark and a close button. The main area contains a 'Match' text field followed by a 'Select' button. To the right are 'OK' and 'Cancel' buttons. Below the 'Match' field are two radio button options: 'Anywhere in report' (selected) and 'In rectangle'. The 'In rectangle' option is followed by a text field and the word 'Page'. Below these are two more radio button options: 'Completely within rectangle' and 'Intersects rectangle'. The 'Match Case' checkbox is located between the two main radio button options.
